Q. North Carolina has a program that gives low- and certain middle- income families wider educational choices through vouchers. Parents can enroll their children in eligible private schools instead of public schools, with state government helping to pay tuition up to four thousand two hundred dollars ($4,200). Do you favor or oppose this program?

Q. As you may know, North Carolina law allows for the formation of charter schools, which are state-funded public schools but are not managed by the local school board. These schools are expected to meet promised objectives but are exempt from several administrative regulations. Do you favor or oppose the formation of charter schools?
