Now I am going to read you two statements about Medicaid expansion in North Carolina. Please tell me whether each statement makes you more likely or less likely to favor Medicaid expansion in North Carolina.

Q. Medicaid expansion would cover mostly healthy, working-age adults with no children. Some of these potential enrollees already have private health insurance.

As you may know, socialism is a political and economic system in which the government assumes control of much of private industry, including things like healthcare, education, banking, manufacturing, and energy production. Socialist countries aim to provide their citizens with basic services at the cost of significantly higher tax rates

Q. Now that you have heard this information, would you favor or oppose the United States' political and economic system becoming more socialist?
