Q. The Taxpayer's Bill of Rights is an amendment to the state constitution to require state government to seek voter approval in order to raise taxes. It also limits annual growth in state spending to population growth plus inflation. If the state collects more revenues than it is allowed to spend, then it must return the surplus to the taxpayers. Would you favor or oppose the Taxpayer's Bill of Rights?

As you may know, Socialism is a political and economic system in which the government assumes control of much of private industry, including things like healthcare, education, banking, manufacturing, and energy production. Socialist countries aim to provide their citizens with basic services at the cost of significantly higher tax rates.
Q. Now that you have heard this information, would you favor or oppose the United States' political and economic system becoming more socialist?
